

ONE OF THE LARGEST PLEASURE BOATS ever seen in the Okanagan, this super deluxe craft was the subject of much discussion and interest Thursday during a stopover here on its way north. The eight ton, 40 foot Chris Craft is owned by a Louis Perrault of Tulsa, Oklahoma, and is being transported by special trailer truck to his summer home on Stuart Lake some 40 miles north of Vanderhoof. The truck driver said the boat was insured for \$50,000. Mr. Perrault has a machine shop business in Tulsa.

Arena Commission Move Is Considered "Premature"

Appointment of an arena commission may not only be desirable but necessary in a few years time, in the opinion of Alex McNicoll, chairman of the Penticton Parks Board. Mr. McNicoll, however, does not think there is need for an arena commission at present.

The chairman of the city parks administration expressed his views to The Herald during discussion on a recent editorial in which this newspaper supported the resolution approved at the annual meeting of the Penticton Senior Hockey Club, asking City Council to appoint an arena commission.

If the city continues to grow at its present pace there will come a time, fairly soon, when it will, perhaps, be in the best interests of the city to take the arena out of the parks board jurisdiction, Mr. McNicoll believes. But such action today or in the near future would, in his opinion, be decidedly premature.

The parks board chairman points out that the arena fits in nicely with the use of Queen's Park, the city's major playing field.

The parks board is trying to make the arena a centre of sporting and recreational activity, "not for one sport, or one group, but for all sports and for all groups, winter and summer," Mr. McNicoll told The Herald, "and," he continued, "as a parks board, when authorizing the use of Queen's Park for athletic pursuits, we can also authorize use of the arena with its dressing room facilities, which is a splendid and much appreciated convenience for the outdoor athletes."

Mr. McNicoll also pointed out that with arena administration within the jurisdiction of the parks board a good arena crew could be maintained as the parks board was able to shift arena personnel to park work, rather than being compelled to lay them off during the slack season.

"Frankly I don't see why there should be this agitation for an arena commission at this time. Things are going very smoothly, we have a good arena manager and a good crew and the board has good relations with organizations who use the arena," Mr. McNicoll summed up.

Famous Kimberley Dynamiters WIHL Club Cannot Carry On

Unless there is a drastic turn-about the Kimberley Dynamiters, senior hockey club, has come to the end of its colorful and active history. In a special report to the Western International Hockey League, club vice-president W. E. Leaman said, "we find it economically unsound to continue in the league under conditions laid down at the WIHL meeting last weekend in Kimberley."

The feeling in B.C. hockey circles is that the Kootenay league laid down stipulations and conditions to the Kimberley club, in regard to its continuation, in the league, that were too hard to meet.

There will be a meeting of the Dynamiters club this Monday, in which the final word will be announced.

Penticton Vees' president Jack Newton and former coach Grant Warwick were both approached for a statement on this turn of events, and both expressed regret that the Kimberley club would probably have to fold.

Should the WIHL be reduced to three or even two teams, both men are in favor of some sort of hook-up between the OSAHL and the Kootenay League.

\$60,000 Robbery At Cleveland Bank

CLEVELAND, June 3, (BUP) — Four masked men held up and robbed a branch office of the Cleveland Trust Co. today and escaped with an estimated \$60,000.

The stickup occurred shortly after the office opened its doors at 9:30 a.m., Eastern daylight time. The four mingled with customers outside until the bank opened. Once inside, according to witnesses, they pulled black stocking masks over their heads and produced guns.

One of the men went back outside to the wheel of a waiting automobile. Two others jumped a railing into the tellers' area and grabbed three drawers, full of money.

They handed the drawers to the fourth, who stood guard in the lobby area.

There were 20 customers in the bank at the time of the robbery. Clifton McGillivray, manager of the branch, said the whole operation took about one minute.

INCOLA HOTEL IN NEW HANDS

Interests of Stan Gulle in the Incola Hotel have been purchased by Don Embury, brother-in-law of the late George Davis who was Mr. Gulle's partner until his death.

Mr. Embury will arrive here later this month from Montreal.

Mr. Gulle states that his future plans are indefinite at the moment. He is a partner in a hotel at Prince George.

Wage Hearing On June 20 At Kelowna

Conciliation board hearing to settle the dispute between Federation of Fruit and Vegetable Workers' Unions (TLC) and Okanagan Federated Shippers is scheduled to open in Kelowna June 20.

Union is seeking a 10-cent an hour wage boost.

Former dean of university of British Columbia, F. M. Clement, has been named chairman of the conciliation board. J. C. Munro will represent the shippers and Tom Dunlop, former member of the labor relations board, will act on behalf of the union.

If the June 20 date does not meet with the approval of the chairman, hearing will probably be set back a week.

May Set Up Home Nursing Service To Relieve Hospital Congestion

Possibility that a home care program will be instituted in Penticton follows a joint meeting yesterday of hospital board representatives, doctors, members of the South Okanagan Health Unit, a public health nurse and hospital administrator from Vernon.

The meeting was called to hear a report on how the plan works in Vernon where it was inaugurated under a federal health grant in 1951. Two other B.C. communities, Kelowna and Saanich, have home care plans.

How Home Nursing Works

Decision of Penticton Hospital Board was to review the plan in the light of facts brought forward and decide if such a scheme should be inaugurated here.

Basically, home care revolves around releasing a hospital patient earlier than would be the case if such service did not exist. That is how the project works in Vernon, chosen as a test area. In Kelowna, where home nursing has been carried on for a number of years, the plan embraces the entire community, not just those persons discharged from hospital.

City Council would be assessed on a basis of 10 cents per capita, per year while actual care, including administration, would be the responsibility of the South Okanagan Health Unit.

There was general agreement at the meeting that if such a

scheme were inaugurated here, it would be wise to follow the Vernon pattern of having only hospital discharges eligible and possibly expanding into a community-wide effort if this proved feasible.

In Vernon, nursing and housekeeping service is offered on the following basis: 1. If recommended by the doctor, 2. If the patient is recovering from a surgical operation or acute illness, 3. If the patient is a resident of Vernon, Langton, Coldstream, BX District, Swan Lake or Okanagan Landing.

Charges depend on the person's financial position but do not exceed 50 cents per day visit for nursing service, 50 cents for four hours' housekeeping service and \$1 per day for eight hours' house-

Stay In Hospital Cut

Nursing service is provided in the home by public health nurses who carry out treatments and instructions ordered by the doctor. Drugs and dressings are included in the service. Housekeeping service is given in the home anytime up to eight hours daily.

Since inauguration of the plan in Vernon, average stay per patient has been cut from 10.5 days to 9.8 days.

In opening the meeting, P. E. Pauls, president of the Penticton Hospital Board, said that a committee had been set up some time ago to investigate home nursing and that at this time further information was being sought.

Miss Joan Russell, Vernon public health nurse, said the plan was inaugurated in Vernon to ascertain if hospital bed short-

age could be alleviated, if patients actually preferred to convalesce at home and if the period of convalescence could be more economically handled in the home rather than in the hospital.

Originally, it embraced only Vernon but was later extended to outlying districts. Of 3,304 admissions to Vernon Hospital in 1954, six percent were discharged to home nursing service.

No charge is made when the patient is an indigent. Nursing care includes injections, dressings, taking of blood pressure, application of medications, general observation of the patient's health under the doctor's general direction. Seventy percent are medical and 30 percent surgical cases.

Housekeeping Service

One permanent housekeeper is hired at \$100 monthly and three or four housekeepers are on call at a wage rate of 75 cents per hour.

From January to April of this year 57 persons received public health care in the area at an average of \$1.53 per person, per day. Miss Russell said the majority of patients are elderly.

Jack Dale, hospital administrator, said there is no question that the medical staff at Vernon is not now wholeheartedly behind the scheme. He said the plan is in no way actually connected with the hospital.

At the onset, major problem was to make the plan known. Head nurses then began suggesting to doctors that certain patients might do well with home care and the idea finally took hold.

"If a condition arises at our hospital where there is complete occupancy, we try to suggest some person who could be transferred home, thus making a bed available," he said.

Dr. David Clarke, director of the South Okanagan Health Unit, suggested that either the Kelowna or Vernon system could be adopted. He said that in Kelowna, home nursing is subsidized by

New "Chief" ... asks co-operation

R.P. "Tiny" Walrod Now In Command

KELOWNA — R. P. Walrod officially took over as general manager of B.C. Tree Fruits Ltd. Wednesday and the first thing he did was to confer with the key men of the growers' selling agency.

Mr. Walrod, who is also general manager of B.C. Fruit Processors Ltd., succeeds A. K. Lloyd, who retired effective June 1.

In addition to calling an office conference, Mr. Walrod issued a directive to the staff, requesting cooperation, pointing out that in assuming the position of general manager "... I do so in full realization that the dependence of success rests largely on the cooperation that you individually are willing to give."

IMPROVE METHODS

The new general manager, in a special bulletin to growers, stated "... I will serve with the fullest extent of my ability. While the sales organization you have created is well designed to obtain the best market for your fruit, we will seek methods for

Thrills, Spills At Rodeo Tomorrow

It's rodeo time tomorrow, when the Western Canada Saddle Bronc championships will be held at Queen's Park, sponsored by the Penticton branch of the Canadian Legion, starting at 2 p.m. This gala sports spectacle, always an action-packed drawing card, features two Penticton bronco busters, Ellie Lewis and Les Johnson, who will be out to win riding honors as well as give the crowd a routine show. There will also be bareback riding and calf roping events.

Improvement by mobilizing and perhaps regrouping the assets we have in the ability and experience of men and women who serve you. We will attempt not only to maintain but surpass the previous good record of B.C. Tree Fruits."

DEATH TAKES MRS. H. LEIR

Well known resident of Penticton for many years who gave unselfishly of her time to work on behalf of youth, Mrs. Hugh Leir, passed away suddenly at her home this morning, age 63 years.

She and Jack Hutchings were instrumental in organizing Teen Town here which later spread to many parts of the province. Since Mr. Hutchings' departure she carried on with the organization, devoting many hours of guidance on behalf of the youth group.

During the war she was active in Red Cross circles.

She is survived by her husband, seven daughters, Mrs. Trevor Punnett of Salmon Arm, Mrs. C. Tait of England, Miss Alisen Leir of Victoria, Mrs. Derek Salter of Chase, Miss Esther Leir of England, Mrs. Ronald Dow of Penticton, Miss Ruth Leir of Seattle; four sons, Commander R. H. Leir of the Canadian Navy, Victoria, James of England, John and Paul of Penticton, one sister, Mrs. G. A. Wyllis of Victoria, 11 grandchildren.

Funeral arrangements will be announced later with Roselawn Funeral Home in charge.

Hon. P. A. Gagliardi Board Of Trade Speaker Thursday

Guest speaker at the Board of Trade's June meeting next Thursday will be the Hon. P. A. Gagliardi, B.C. Minister of Highways.

Mr. Gagliardi is well known as a colorful and aggressive speaker, who spills jokes and highway statistics with equal facility in his interest-holding addresses. His appearance before the local board comes at a time when B.C. is embarked on the biggest road and bridge building program in its history, for which the dynamic highways minister is largely responsible.

The meeting is the last regular meeting before the summer recess, and the Board of Trade executive requests a large attendance.

Jack Petley New Secretary For Vees

Penticton Vees' president Jack Newton announced officially yesterday that Jack Petley, long a tireless worker in the Vees' cause, is the club's new secretary-treasurer. Petley takes over from Mike Mangan, who had held the post for several seasons.

OLIVER — A period fashion parade covering more than two centuries highlighted the Oliver Rebekah's anniversary tea held Saturday in the Legion Hall at Oliver. It was an impressive display of authentic costumes, treasured through the years by local residents. The display was repeated Monday night when the Rebekahs held a party for "Old Residents" of the district. About 30 items were

shown including a 250-year-old bonnet of blue silk still in good condition. In the picture on the left is a 70-year-old black suit modelled by Mrs. Frank Cochet and which was originally worn by Mrs. Ivan Esticalle's great aunt. Her bonnet is a 60-year-old model and belongs to Miss Teakles. The parasol, trimmed with crocheted wool, is the property of an Osoyoos resident. The two wedding gowns

in the middle picture, loaned for the occasion by Mrs. Fritz, of Midway, depict two startlingly different fashions. The black satin with high neck was worn in 1887. It is modelled by Mrs. Bert Charliss. The daughter model, highlight of a 1925 wedding, is worn here by Mrs. F. Cochet. The picture on the right is of a bathing costume of the 1890 era, modelled by Mrs. W. Steffan.

The weatherman says...

Sunny today — Cloudy with a few showers and sunny periods Saturday — Little change in temperatures — Winds light — Low tonight and high tomorrow at Penticton, 45 and 70 degrees.

MR. AND MRS. CHARLES GEORGE PHIPPS

United Church Setting
For Phipps-Owen Nuptials

Apple blossoms and tulips were used in profusion to bank the altar in the Penticton United Church while miniature bouquets of valley lilies and grape hyacinths were tied with white satin bows to mark the pews for the pretty evening ceremony on May 21 in which Helen Kathleen Owen became the bride of Charles George Phipps. Rev. Ernest Rands read the nuptial vows for the daughter of Mr. and Mrs. F. L. Owen and the son of Mr. and Mrs. Charles Phipps, all of this city.

St. Saviour's Setting
For Double Christening

A double christening was held on Sunday afternoon, May 23, at St. Saviour's Anglican Church when the two youngest children of Dr. and Mrs. Clyde M. McLeod were given the names, Barbara-Jean and Donald Murdoch, with Rev. Canon A. R. Eagles officiating.

Godparents for Donald Murdoch are Mr. and Mrs. Geoffrey Smith, of this city, and Dr. Charles Ross, Calgary. Named as Barbara-Jean's godparents were Mrs. John Davis, Vancouver, and Mr. and Mrs. Wally Thorpe, Penticton.

The maternal grandparents of the christening principals, Mr. and Mrs. J. C. Bruce, of Vancouver, here for the occasion, stood proxy for the Calgary and Vancouver godparents.

A former resident of this city, Miss Joan Norgren who has just completed a hair dressing course in Vancouver, will leave on Sunday to accept a position at Sechart.

The Women's Auxiliary to the Penticton Peach Festival Association will hold its regular monthly meeting on Tuesday evening in the dining room at the Inco Hotel. An invitation to attend the meeting is extended to all interested in assisting with various projects in promotion of the community and district project.

Naramata Church
Federation Ships
Clothing Parcels

NARAMATA — Women's Federation of the Naramata United Church shipped 10 parcels of used clothing to be distributed to welfare assistance, was reported at the monthly meeting of the group held on Monday evening at the home of Mrs. Don K. Faris. Vice-president Mrs. A. L. Day, who presided in the absence of Mrs. Wallace McFarlane, disclosed that seven of the cartons were sent to Korea and three to the First United Church in Vancouver.

The collection of used clothing will be continued throughout the summer months. It is hoped to have sufficient to make another large shipment in early fall. This effort has not been confined to members of the United Church. Response from the whole community has made the project successful.

Other business of the meeting included a report from Mrs. James Gawn on the recent B.C. Conference of the United Church in Vancouver, which she attended as the congregational delegate from the Naramata church.

The next meeting of the federation has been advanced a week to be held on June 20. Special business scheduled for that time will be final plans for the anniversary social.

Mrs. J. S. Dickson conducted the devotional program.

The Recipe
Corner

HOLIDAY CREAM CAKE

Makes 4 Layer Cake

1 cup plus 2 tablespoons heated milk

1/2 cup sugar

2 1/2 cups sifted all-purpose flour

4 teaspoons baking powder

1/2 teaspoon salt

1/2 cup soft butter

1/2 cup soft shortening

1 teaspoon vanilla

1/2 cup sugar

3 egg yolks, well beaten

3 egg whites, stiffly beaten

1 cup whipping cream, whipped

1. Add 1/2 cup sugar to milk and stir until thoroughly dissolved. Set aside to cool slightly.

2. Sift together flour, baking powder and salt.

3. Cream butter and shortening until fluffy, add vanilla. Gradually add the other 1/2 cup sugar. Add egg yolks and beat until light.

4. Fold in dry ingredients alternately with milk and sugar solution, starting and ending with dry ingredients.

5. Fold in egg whites quickly just enough to blend.

6. Pour into two deep 8 inch layer cake tins, lined with greased wax paper.

7. Bake in a moderate oven (350°F.) for 25 to 30 minutes.

8. When cold, fill and frost with chilled sweetened and flavoured whipped cream. Garnish with chopped toasted almonds or thin shavings of Brazil nuts.

COCONUT CREAM PIE

Makes 1 Pie

1 (8 inch) baked pie shell

2 cups milk

2 tablespoons cornstarch

1 1/2 tablespoons flour

1/2 teaspoon salt

1/2 cup sugar

2 egg yolks, slightly beaten

2 teaspoons butter

1 teaspoon vanilla

1/2 cup shredded coconut

1. Heat 1 1/2 cups milk in top of double boiler. Combine 1/2 cup cold milk with blended dry ingredients. Add to hot milk.

2. Cook, stirring constantly, until mixture thickens. Continue cooking 15 minutes, stirring occasionally.

3. Blend a little hot mixture with yolks. Add to remaining mixture and cook 2 minutes.

4. Remove from heat, add butter, cool and cover. Add vanilla and coconut.

5. Turn into pie shell. Top

Working With
The Red CrossHAVE THE BEST
HOLIDAY ALIVE

Although Okanagan and Skaha Lakes are still too cold to use for swimming purposes, we know it won't be long before both lakes will be alive with local residents and tourists bent on having fun in the water.

The Red Cross Society has issued the following bulletin hoping it will make us all more careful this summer.

"If you don't happen to me" is a foolish phrase. Every year more people head for the lakes on weekends in the summer, and every year tragedy hits. But, you say, you can swim, so you're all right. Over 60 percent of drownings happen to people who can swim fairly well. Be careful! It pays. Swimmers don't try to show off by having a race out in the middle of the lake. Non-swimmers — stay out of boats. Here are a few things you should keep in mind, to make sure you can return to the text books in the fall.

NEVER SWIM ALONE — If anything should happen, by the time people get around to looking for you in the lake your chances of being saved are slim.

NEVER SWIM AFTER DARK — Everything looks different at night and you can be fooled easily. Once you get into trouble, darkness makes it far more difficult for anyone to help you.

WAIT TWO HOURS AFTER EATING — You've all heard this one, but how many of you actually do wait two hours? And after a fast and furious tennis game, do you know how to condition your body to the cold water by splashing the water on your chest and the back of your neck?

DESTROY PLASTIC BEACH BALLS AND ANIMALS — They are a dreadful menace to the safety of children. One small gust of wind will carry them away out over the lake, perhaps with a child attached, and the wind pushes them faster than you can swim.

LEARN TO THROW A HEAVING LINE OR RING BUOY — Many people who learn to swim at an indoor pool neglect this art. Would you be able to rescue someone in trouble from the safety of the shore? It's a much quicker method than going in after them, and you don't run the risk of a double drowning. Even non-swimmers can learn to throw the ring buoy or heaving line!

DO YOUR WATER SKIING IN SAFETY — Even the experts know enough to wear a life jacket. Falls can come quickly, and you might not be prepared for them. Wearing a life jacket takes all the unnecessary danger out of the sport and leaves you free to devote your time to developing your skill.

HANG ON TO AN OVERTURNED BOAT — More lives are lost each year in Canada by the smart ones who feel they can swim the distance to shore. Don't bother to try. A canoe won't sink, nor will a rowboat or any normal wooden craft.

KNOW YOUR BOAT — Know how many people you can seat in it comfortably, and insist that a non-swimmer wear a life jacket. Moving around is not one of the things you can do in a boat. Remember that!

LEARN THE RULES OF THE ROAD — If you are going to be in a populated boating area, learn the boating rules of the road so you will know exactly who has the right of way. Ignorance does cause accidents.

LEARN ARTIFICIAL RESPIRATION — You never know when a life may depend on your ability to administer the Holger Nielsen Back Pressure Arm Lift method. Learn how long you should keep at it, who you should contact, if you have assistants to go for help. Knowing how to administer artificial respiration is very important, and any normal-sized teen-ager can do it just as well as an older person, given proper training. Have a safe holiday and a happy one!

NARAMATA — Mrs. H. A. Partridge accompanied by her mother, Mrs. J. Langridge, of Penticton, left on Wednesday for a holiday visit to the coast. They will spend a few days in Vancouver visiting the Misses Joyce and Rosemary Partridge and then proceed to Campbell River to visit Mrs. Partridge's brother-in-law and sister, Mr. and Mrs. W. Holloway.

One of the newest new fabric combinations is cotton and silk. In a jacket dress, it combines the happy features of both and is as springlike as a crocus.

With whipped cream. Sprinkle with toasted coconut.

MR. AND MRS. ERNEST RONALD MUELLER

Roberta Norma Taylor,
Ernest Ronald Mueller
Wedding Principals Here

Aldergrove will be the future home for Mr. and Mrs. Ernest Ronald Mueller, principals in a pretty springtime wedding in the Penticton United Church at 4 p.m. on May 28. Rev. Ernest Rands read the marriage vows for Roberta Norma Taylor, only daughter of Mr. and Mrs. R. H. Taylor, of this city, and the groom, son of Mrs. John Mann, of Vancouver, and the late Rev. George Mueller.

The charming bride, given in marriage by her father, chose a gown of brocaded ivory satin over crinoline with a full length train. The skirt was caught up in front to reveal rows of ruffled lace while the molded bodice was inset with a net yoke defined by pearl embroidered lace. A Juliet cap of lace clasped her veil of silk illusion. Complementing the bridal ensemble were a bouquet styled of pink and white carnations and the jewellery accent, pearl earrings and necklace.

Mrs. T. W. Bella, cousin of the bride, as matron of honor, wore a frock of turquoise net over satin with matching hair circlet and carried yellow carnations.

Bill De Geer, of Vancouver, was best man. Ushers were George Mueller, brother of the groom, and Tommy Bella. Miss Linda Mueller, groom's sister, as soloist sang the "Lord's Prayer" and "Because". She was accompanied by A. C. Kendrick, organist.

Lovely pastel colored spring blooming shrubbery, Lilac and Gypsy Rose, were artistically intermingled as church decorations by Mrs. Cecil Brett, Miss Margaret Brett and Miss Shirley Wiltsie. The latter two also assisted the Misses June Brett and Dorothy Dewar as servers at the reception held at the home of the bride's uncle and aunt, Mr. and Mrs. R. C. Pickering. The toast to the bride was proposed by her uncle, J. C. Hill, Vancouver.

A pink linen suit with white accessories and gardenia corsage were worn by the bride when the couple left for a honeymoon trip motorizing to points of interest north.

Out of town guests at the wedding were Mrs. John Mann, Mr. and Mrs. J. C. Hill and Carole, Norman Hill, Miss Sherrie Kirkwood, Mrs. Irene Bohn, Bruno Visentin, Miss Linda Mueller, Miss Margaret Mueller, Mrs. George Mueller, all of Vancouver, and Mrs. A. De Loevy, of Banshaw, Alberta.

After residing for the past eight years in Penticton, Mr. and Mrs. A. J. James, with children Lynda and Jim, will take up residence in Victoria where Mr. James was recently appointed city building inspector. Mr. James is now in the island city and Mrs. James and family plan to join him on Thursday.

Oliver Ladies, Raise
Camping Equipment
Funds For Scouts

OLIVER — In an effort to raise money here to buy tents and gear, the Ladies' Auxiliary to the First Oliver Committee of the Boy Scouts' Association held an open-air home cooking sale in front of the Bank of Commerce.

An appeal for home cooking was made to residents of village and district. The mothers nearly swamped the L.A. with donations for the sale which lasted less than two hours and netted \$53.70.

A live bunny donated by Scout Lyall Kennedy was bought by Mrs. I. M. Murchy for her small son, Bobby.

Scouts Reece Morgan and Billy Bennett raffled a decorated cake at 5c a ticket. The winning ticket was bought by Mrs. E. Trombley.

There were no conveners, president Mrs. L. Smith said, we all did what we could and everything turned out very successful.

Ladies who took an active part were Mrs. I. McMurchy, secretary-treasurer; Mrs. J. Williams, Mrs. L. Lyden, Mrs. M. Perry, Mrs. F. Morgan and Mrs. S. Reynolds.

For gals heading for the altar who wear lovely thick chignons, a possible veil substitute might be a chignon cap of richly frilled lace.

IODE Farewell Party
Honors Mrs. A. J. Cowie

Mrs. A. J. Cowie, who left on Saturday to join Mr. Cowie at Regina, was the honored guest at a number of luncheon and tea parties prior to her departure.

One of the most pleasing social gatherings took place on Friday afternoon when the executive of the Diamond Jubilee Chapter, Imperial Order Daughters of the Empire, entertained at tea for her at the home of Mrs. H. H. Boyle, Skaha Lake.

More than thirty members of the chapter were present for the occasion when regent Mrs. Nell McElroy presented Mrs. Cowie with a silver spoon crested with the insignia of the IODE.

Summerland Couple
Celebrates Diamond
Wedding Anniversary

SUMMERLAND — Mr. and Mrs. Arthur F. Wright are proud possessors of a congratulatory cablegram received today from Her Majesty the Queen.

The cable notes that the couple is celebrating a diamond wedding anniversary tomorrow. They were married in Pembroke, Ontario. Both are 83 years of age and in good health.

The Wrights have also received a letter of congratulations from Prime Minister Louis St. Laurent.

Penticton Herald Editorials

Hardly Compatible

Two related but hardly compatible items appeared in Wednesday's Herald. One dealt with the plight of a visiting family who, having reserved auto court accommodation, arrived 15 minutes later than the time agreed upon and found that the reservation had been cancelled. This late at night and on a holiday weekend with accommodation at a premium. The other item was a letter to the editor from a local auto court operator and official of the B.C. Auto Court and Resort Owners' Association, in which the writer complained to high heaven of the scurvy treatment meted out to a visitor from Vancouver who was assessed \$6.30 in fines and costs for failing in the first place to pay due and lawful tribute to the parking meter, and secondly for ignoring requests from the police to pay the fine.

The writer complains, in effect, that enforcing of parking meter regulations is very damaging to the tourist business. The Herald does not agree. Unless the visitor comes from the wilderness he is conversant with parking meters, their purpose and the penalties invoked for governing same. Of the offenders who are caught and fined we are confident that most of them shrug it off with the thought "I have only myself to blame" and go their ways without any animosity towards the community in which the in-

cident occurred.

But the writer's indignant complaint about the parking meters is reduced to absurdity by the item of related news which told of the cancelled reservation. The auto court owners are, we are glad to say, unhappy that some of their number will give the community a black eye by such selfish tactics. But in mitigation they argue that without a cash deposit they cannot afford to wait. The answer to that is, of course, that they should not promise reservations without a cash deposit if they are going to cancel them before they have allowed for the reasonable delays which occur in road travel.

The travellers, a family, were foresighted enough to book accommodation, they had every reason to expect it was awaiting them, even though 15 minutes late. We are quite sure that the incident was far more damaging to Penticton's good name as a tourist centre than would be the fining of a 100 tourists for parking meter infractions. The one redeeming feature is that most of the auto court operators have expressed strong resentment of the action of one of their number. They have reason to feel that way for in such a related business as providing tourist accommodation the actions of one can redound to the credit or discredit to all.

The Telephone Story

It's quite a long time ago since the Postill brothers and their neighbor, Tom Woods, after whom Woods Lake north of Kelowna was named, set up a telephone system linking their three houses. It made history, for theirs were the first telephones in the interior of the province.

To refer to this may be going back a long way into the valley's record. But it isn't so long ago to check into the total number of telephones in use in the valley before the war.

At that time — only yesterday — there were less than 6,000 in use by subscribers to the Okanagan Telephone Company.

Now, the most recent year-end summary by the same company shows that there are as many as 17,903.

Demand for the new services continues at a steady rate and during 1954 there was a net gain of 904.

There can be no more convincing testimony to the accelerating growth of this valley than in what is to be found within the pages of the Okanagan Telephone Company's 48th annual report to its shareholders, recently released.

During 1954 the company had a gross revenue of \$1,118,508 which was an increase of \$75,048 over the year before. Its 61 male and 99 female employees

drew a payroll of \$410,000. Total plant investment now stands at \$4,376,055, which means an investment of \$244 per telephone or over \$27,000 for each employee. Taxes paid to federal, provincial and local authorities amounted to \$160,684.

As much as 85 percent of the company's facilities are now dial operated, with the modernization program continuing. It is estimated that, by 1957, the company will be practically a hundred percent on the dial system.

Yes, it's quite a change from the days when the Postill Ranch area was a centre of interest, as boasting the only telephone usage. For the daily average of telephone calls completed in 1954 by the Okanagan Telephone Company was 88,246, and during that same year as many as 710,048 long distance calls were completed over its lines.

It is obvious that the benefits from the major conversion program which was completed in 1953 were realized for the full year of 1954 as analyzed in this recent report.

And that the Okanagan Telephone Company's faith in the future of the valley is being convincingly demonstrated is the further gratifying fact. Its report makes encouraging reading for every valley resident.

Perils In Journalism

Few craftsmen suffer from as grave an occupational hazard as the journalist who must always face the danger that his copy will contain a typographical error that will alter his whole meaning. At best, the public will make sport of it; at worst, it may be actionable in law.

Misspellings are, of course, the more common among newspaper errors, and sometimes bring lamentable consequences. But an equally unhappy result may be attained by switching the captions on pictures or on articles. A New York newspaper once ran a report on a speech by Congressman Hamilton Fish, and an article on tropical fish, on the same page. Unfortunately the headlines were wrongly placed. The night editor was deluged with telephone calls draw-

ing his attention to the error, which had of course been quickly corrected when Mr. Hamilton Fish first telephoned, somewhat testily. Finally, the phone rang again, and a voice introduced itself to the weary editor as "Mr. Fish". The editor spluttered that he was fed up; that the mistake had been rectified, and would the caller, presumably Mr. Hamilton Fish, not phone again.

The voice at the other end answered with dignity, "Sir this is Mr. Tropical Fish calling, and I demand the same courteous apology that you have extended to Mr. Hamilton Fish". He then hung up.

When a newspaper makes a mistake the public has fun, but somewhere an editor is suffering.

OUT OUR WAY

By J. R. Williams

THE FRONT OFFICE

6-3 J.R. WILLIAMS

BOOKS

Many of the books reviewed in this column are on the shelves of the Okanagan Regional Library or will be procured on request by the local branch.

Referring to the apparent inability of American police to stem the increase in national crime, August Vollmer, "America's greatest cop," said in a recent interview: "... we are in effect sending out undisciplined mobs in blue to combat highly efficient, well-organized battalions of criminals. Something is rotten."

1. Just how rotten the police systems of the various municipalities are, 2. What lies behind the wicked alliance of crime, politics and police, and 3. how culpable is the public itself, — is the theme of Albert Duetsch's "The Trouble With Cops" (Crown).

Deutsch, a crusading journalist, visited top-ranking officials and police chiefs from Maine to California as well as many rank-and-file cops, FBI agents and civic personalities in an effort to get at the root of police corruption.

What inducements are offered to attract the paragons of police virtue the cities and towns expect? Generally speaking, says Deutsch, long hours and low pay... limited promotional opportunities... bombardments of public ridicule and abuse... horses and buggy equipment... catching criminals... confusing, contradictory and often unenforceable laws.

Faced with these demoralizing influences and the further inability to buck the situation in so many cities — whereby politicians can free criminals quicker than the policeman on the beat can arrest them — the honest cop soon becomes an easy mark for the ticket fixer, the briber and the criminal with a ready role of currency in his pocket.

Germany's submarine operations in World War II have been covered from virtually every angle, and a good deal is known about the few regular warships that succeeded in evading the British blockade, but curiously little has been said about another type of commerce raider — the specially rebuilt merchant ships that carried on the tradition of Count von Luckner.

In "Cruise of the Raider HK-33" (Crowell), H. J. Brennecke undertakes at least partially to supply this lack with a story of German Capt. Ernest-Felix Krueger and the ship which set an all-time record for effective destruction of enemy commerce.

In 10 months at sea, the Hilfskreuzer (auxiliary cruiser) 33 sailed 59,188 miles — more than twice the circumference of the earth — without ever putting into port, and captured or destroyed some 200,000 tons of Allied shipping. At last she was outgunned and captured by the British heavy cruiser Cornwall, and an 8-inch shell that detonated the raider's cargo of 130 mines sank her and killed 544 of the 641 persons — German navy men and prisoners — aboard. Krueger was not among the survivors.

The German captain was acknowledged as a gallant enemy both by the Britishers he captured and by those who eventually destroyed him. He made every effort to spare the lives of his enemies, and the number of casualties caused by his operations was remarkably light.

Brennecke, a German naval correspondent, has drawn extensively on records and the recollections of survivors of the HK-33 to produce a straight forward absorbing version of a nearly forgotten chapter of naval history.

"The Brass Command" by Clay Fisher (Houghton Mifflin)

CORRESPONDENCE

The Editor, Penticton Herald.

COOPERATION

Through the medium of your newspaper I would like to publicly express how much this organization appreciates the co-operation of the Arena management and Penticton Parks Board in allowing the use of the Arena for this Squadron's annual inspection on the evening of May 30.

Due to inclement weather, the original plan to hold the inspection at the Airport had to be cancelled, but Mr. Les Edwards, the arena manager, on being contacted only two hours before the time of the inspection, undertook to obtain approval for the inspection to be held in the arena.

To Mr. Edwards and the members of the Parks Board we are very much indebted.

A. F. DAY, P/L,
Officer Commanding,
250 Squadron,
Royal Canadian Air Cadets

★ THE DOCTOR SAYS ★ Take Care — Dosing Yourself Or Others

BY EDWIN P. JORDAN, M.D.

By EDWIN P. JORDAN, MD

For some reason or other many people seem to be extremely casual about giving themselves drugs or other preparations without stopping to think that they may be either changing the symptoms of something serious by doing so or actually harming themselves by taking the wrong things.

Q — I have an older sister who has been taking baking soda for indigestion at least once a day. Is there any danger that this could be harmful to the system? — Mrs. W.

A — The most important point about this inquiry is that Mrs. W.'s sister might have something serious like a stomach ulcer which should be getting more scientific treatment.

The term "indigestion" is vague and meaningless to physicians. Mrs. W. does not say how much baking soda her sister is taking. While in moderate quantities this probably would not produce any harm, in large quantities over a long period of time it could throw the chemical balance of the body out of whack and possibly lead to a condition known as alkalosis.

You may safely conclude that I do not think this is a wise thing goes when I sit or lie down after about two minutes. It began to do.

Q — Please say something about the skin disease known as lichen planus. — Mrs. M.S.

A — Lichen planus is a chronic inflammatory disorder of the skin. Its cause is not definitely known but it sometimes follows nervous exhaustion. The usual treatment is to try to improve the general health and to use various types of medication which will help to protect the skin from irritation and relieve itching if present.

Q — For the past five years I have been bothered with excessive underarm perspiration. When I am relaxed this does not bother me. — J. specialist.

Q — I have aches in my legs whenever I stand or walk. This is an extremely common complaint. In mild cases, which constitute the majority, the commercial antiperspirants obtainable in any drugstore are usually sufficient.

Most contain the same chemical agent and have proved harmless even when used over a re-

latively long period of time. In severe cases the problem may require the expert care of a skin about two months ago. What do you think can be done about this? — T.H.

A — This sounds very much like the disorder known as intermittent claudication. If this is responsible (and the doctor should check you over), it is presumably the result of some hardening of the arteries in the legs, so that when the leg muscles are exercised they do not get the blood they need.

Q — Could there possibly be any connection between the widely promiscuous use of vitamin pills (not under a doctor's prescription) and the increase in cancer in recent years? — Mrs. G.

A — I hold no brief for the unnecessary swallowing of vitamin pills but do not know of any evidence whatsoever that this is related to the increase in cancer.

Periwinkle is an interesting color for spring. It usually is affected by gals with the bluest of eyes. But it could go well with the hazel-eyed ones, if they seek a change.

"It's A Deal Bill, Please Rush 5 More Carloads"

In order to keep up with the brisk demand for Plymouth and Chrysler cars and Fargo Trucks, Hunt Motors Ltd. have just placed a further order for another 5 carloads of new units. Posed with the popular Plymouth Savoy in above picture is Ron Fairclough, Sales Manager of Hunt Motors (right) discussing details with Bill Lane, district manager of Chrysler Corporation. Judging from the large amount of new cars sold by Hunt Motors so far this year, Plymouth shows it's again ahead in popularity in the Penticton district.

BIRTHS

NUTT — Born to Mr. and Mrs. W. G. Nutt, in the Penticton Hospital on May 16, a son, Kenneth Bruce.

DEATHS

JESTIN — Passed away in Victoria, on May 29th, Fern Gladys, wife of Claude Jestin of 717 Pandora St., Victoria, B.C. She was born in Humboldt, Neb., and lived at Penticton before coming to Victoria one year ago. Besides her husband she leaves two sisters, Mrs. D. William of Lac Vert, Sask., and Mrs. B. Sherrer of Roseburg, Oregon; four brothers, Dewey and William Schmelzel in Idaho, Henry Schmelzel, Penticton and Earl Schmelzel of Prince George. Prayers were said on Wednesday, June 1st at 7:00 p.m. in Chaplin's Funeral Chapel. Funeral services were held on Thursday, June 2nd at 9:00 a.m. in St. Andrew's Cathedral, followed by interment in Royal Oak Burial Park.

LEGALS

NOTICE IN THE SUPREME COURT OF BRITISH COLUMBIA PENTICTON REGISTRY No. 64/Mc/55

BETWEEN: Neil Robert McElroy and Evelyn Annie McElroy, Plaintiffs;

AND: Andrew Irvin Earl Gardner and Theresa Dorothy Gardner, Defendants.

TO: Andrew Irvin Earl Gardner and Theresa Dorothy Gardner. TAKE NOTICE that a Writ of Summons was issued out of the above Court and a Statement of Claim delivered by the above named Plaintiffs on the 27th day of May, 1955, wherein the Plaintiffs claim against the Defendants as follows:

(a) That an account be taken of the monies owing by the Defendants to the Plaintiffs under an Agreement of Sale in writing dated the 17th day of February, 1954, wherein the Plaintiffs agreed to sell to the Defendants who agreed to purchase from the Plaintiffs Lots 7 and 8, Map 3219, Penticton, B.C. except the most northerly 50 feet thereof and further known as 295 Vancouver Avenue, Penticton, B.C.

(b) That a time be fixed by the above Court for payment to the Plaintiffs by the Defendants of the amounts so found due.

(c) That upon default by the Defendants in payment of such amounts, within the time so fixed, that the said Agreement of Sale be cancelled and foreclosed against the said land be vacated, and the registration thereof against the said land be cancelled.

(d) That all monies paid by the Defendants to the Plaintiffs under the said Agreement of Sale be forfeited.

(e) That the Plaintiffs have possession of the said lands and premises.

(f) That all right, title, interest and equity of redemption of the Defendants or either of them or of any person claiming through or under them or either of them in the said lands and premises be foreclosed and cancelled.

(g) The costs of the said action.

(h) Such other and further relief as the Plaintiffs may be entitled to.

AND FURTHER TAKE notice that by Order of His Honour Judge M. M. Colquhoun, Local Judge of the said Court, dated the 30th day of May, 1955, it was ordered as follows:

(a) That the Defendants be served with said Writ, Statement of Claim and Order by publication of a notice of the said Writ, Statement of Claim and Order in the "Penticton Herald" for two weekly insertions and that such publication shall be deemed good and sufficient service of the said Writ of Summons, Statement of Claim and Order upon each of the Defendants.

(b) That the Defendants or either of them may enter an Appearance to said Writ at any time within Fourteen days from the date of the first publication of such notice.

AND FURTHER TAKE notice that the first date of publication of this Notice is Friday, the 3rd day of June, 1955.

DATED at Penticton, B.C., the 1st day of June, 1955.

W. R. KINSMAN, Solicitor for the Plaintiffs whose place of business and address for service is 48 Nanaim

Sports Retorts

BY JOHN YEOMANS

What, pray tell, is the matter with the Summerland Macs? What ailment do they have that the Pentiction Red Sox haven't got? It would seem that they are suffering some strange malady that forbids them from cooperating with the rest of the OMBL; that makes them want to take it out of every other ball club they meet; that forces them, impenetrable and insatiable, to trample lesser mortals into the mire that is at present being brewed in our baseball parks by our splendid Okanagan weather.

Perhaps the Macs are not aware that they were supposed, in 1955, to roll over and play dead... as per usual in other seasons.

So we repeat our question — What's the matter with the Summerland Macs this year? They're winning; and they shouldn't be.

Unfortunately, the bubble is going to burst sooner or later. The Macs have got the jump on the league right now, but pretty soon the Okonots and the OBC's and the Red Sox are going to wake up and realize that they're simply being outplayed and outthrusted, that they're the underdogs.

When this happens — when the Red Sox, for example, realize that they're just not as good as they appear to be on paper because they haven't got that "thing" that the Macs have — then the Sox might start to win. Superior talent doesn't assure a team of success, but it helps... particularly when there's the spirit to go with it.

With their spirit and their scrappiness we feel that the Macs are good for third place in the OMBL. One of the three favored clubs will, by our crystal ball, therefore end up in fourth place at the end of the season. Which club this is to be will no doubt be determined by the degree it lacks this certain "thing" we've been talking about.

And since we're on this little forecasting binge, let us step out onto the thin end of the limb and pick the team that right now (repeat: right now) looks like it could take the 1955 OMBL pennant. Our choice — Oliver OBC's.

"Hey, Mac, how about the Red Sox?" you may well think at me. "Didn't you go all weak-kneed about their chances in '53 before the season got underway?"

Yep — Retorts went weak-kneed, alright. But right now our knees have stiffened up again (perhaps the weather has something to do with it, though we won't go into that). The Red Sox have the classiest potential, as witnessed in their exhibition victories over the OBC's and the Macs couple of weekends ago, when they relaxed at the plate and played the brand of ball they're capable of.

But right now the Red Sox are not clicking in those tense league games — particularly in the all-important away from home tilts. We're still hoping, however, for the materialization of pre-season predictions... which could well come about, should the Summerland Macs rub off on the Pentiction Red Sox a little of the magic spirit they use so effectively.

The Pentiction Fish and Game Club's annual Trout Derby draws to a sober close this Sunday, June 5. The derby certainly hasn't broken any records as regards number of entries, but public support of this important sporting event has picked up a lot since the first couple of weeks — when nobody seemed the least bit interested in the fact that some very valuable prizes were waiting to be picked up.

Largest fish weighed in so far at Trev's Boat Rentals station is a six-pounder, caught by fishing enthusiast Rasmussen. Still an excellent chance for anybody to win a prize though, as there are 16 of them being offered in a variety of categories. In case you weren't aware of it, trout from Lake Okanagan only are eligible. Prizes range from a spanking new spinning rod to a free grease job and oil change.

Bad weather dampened a lot of the old fishing spirit last week — particularly on the weekend. To make matters a little more annoying many mountain lakes refused to cooperate for the hardy souls who braved the elements.

Several good reports are coming in, however, and things in general are picking up. Twin Lakes continues quite good with several limit catches being taken; reliable source says Horn Lake is excellent on the trout right now. Bear Lake is not recommended, but Chute and Glen lakes are supposed to be starting a little movement — though right now they're still in the "fair" category.

Shannon lake near Westbank is the source of some good reports, and should stack up as one of our better nearby lakes. Boats are available, and very pleasant picnic and camping grounds are right there at the south end of the lake.

Stan Bittner, Shannon Lake boat owner, says that bass up to 4 1/2 pounds are being pulled out. Perch are slow — but a few sunny days should fix that.

Richer Lake apparently is muddy and movement is slow. Okanagan river has entered the picture again, with one man reporting catches up to 2 1/2 pounds. He isn't getting many fish, but the fast water fishing is always a lot of fun.

Ken Blagburne of Summerland was up at the Trout Creek headwaters the other day. Doesn't say much about the fish but says the road is in good condition.

One excellent report came in from Len Mountford on Fish Lake. Len caught his limit up there last Sunday. His largest catch was 1 1/2 pounds.

Incidentally, if you want to see what nice fat Eastern trout look like, pop over to The Sport Shop tomorrow afternoon. There will be a display of half a dozen or more rotund Easterners, the pick of a catch of 36 made by the boys from the shop. They'll be glad to let you know where and how they caught them.

Here's an interesting story, full of vital connotations and of the greatest importance to Okanagan fishermen: couple of local guys (they threaten to sue if we use their names) travelled a total of 200 miles on a fishing trip Wednesday, up near Midway somewhere (they also refuse to tell us where exactly they went). Total catch — one frog! No kidding...

Old Baseball Feud To Be Settled Sunday

WHATDOYAMEAN YOU DON'T BELIEVE IT? Pictures don't lie — or do they? We stretched the truth (or should say the fish) just a little to remind you that there is still time to win a prize in the Fish and Game Club's annual Okanagan Lake Trout Derby. There are no fish as big as this one to beat, so you still have a good chance to get in on the loot. As a matter of fact, most of the heavier catches are just around the three pound mark.

Summerland Macs Gun For 'Lucky Seven' This Sunday

With Sunday's scheduled Okanagan-Mainline Baseball League game at King's Park now postponed, due to Oliver OBC's and Pentiction Red Sox each having exhibition dates that day, there will be only two OMBL tilts this weekend.

Both of them will see the underdog team visit the lair of the favored squad, with Kelowna Orioles taking on the first place Summerland Macs at Summerland, and Vernon Canadians tangling with the Kamloops Okonots at the Mainline Centre.

The Kamloopsians are favored to take their game mainly because of two factors: they are the hardest hitters in the league; and the Canucks are winless in seven 1955 starts of the league.

The focus of the league will be focussed on the Summerland game, however, as the Macs, the darkest horse to undo pre-season predictions in the Okanagan in many a year, will be out to make it seven wins in as many starts this season.

This total would be just one win shy of the team's total number of triumphs for the entire 1954 season, when they finished fifth.

The Kelowna Orioles and the Macs have met once before this season. The latter won that game, played at the Orchard City, by a 6-2 score.

Wins for Kamloops and Summerland would not alter the OMBL standings.

Okanagan Equestrians Saddened By Death Of Washington Rider

OLIVER — The events scheduled for last Saturday at the horse show held at Lundy's Arabian Farm north of Oliver were changed to Sunday due to the untimely death of Ed Wilson of Brewster, Wash.

The late Mr. Wilson, a prominent figure in American and Canadian riding circles, had planned on taking an active part in the show. He was stricken with a heart attack and died earlier in the week. Fellow members of the Brewster Horse Club attended his funeral Saturday afternoon before coming to Oliver.

A large gathering attended all sessions of the show. The horses were generally good though the judges felt entries of Palomino pleasure horse, and one to four year olds sired by registered stallion from saddle type, did not come up to requirements to receive firsts. They were awarded them seconds and thirds.

Horses and riders of the Brewster Horse Club drill team displayed fine teamwork with the horses prancing to the down music and the riders manoeuvring them through intricate movements of a square dance.

Winners and owners in the Halter classes Saturday were: Pure bred Arabians, 1st, La Gaz; 2nd, Boleve; 3rd, Cayuga; all by George Landy, Oliver. Registered Tennessee walking Horse, 1st, Okanagan Ace; 2nd, Okanagan Toppy; 3rd, Miss Stardust, all by J. N. Brown, Pentiction. Palomino Pleasure Horse: 2nd, Miss Stardust; 3rd, J. N. Brown, Pentiction. 3rd, Tootsie, Jackie Helle. Oliver. Registered Quarter Horse: 1st, Joker, Glen Rocco, Okaville; 2nd, Hanson's (Continued on Page Six)

Trail Club, Red Sox To Decide 1953 Split Doubleheader Issue

It's been two years in coming, but the third and deciding game between the Trail Fruitvale A's (formerly known here as the All-stars) and the Pentiction Red Sox (formerly called the Athletics) will finally be played.

This Sunday, starting at 2:30 p.m., the Trail men and the Pentictionites will break their exhibition stalemate of June 3, 1953, when the Kootenay crew took the opener 6-1, only to be crushed 12-2 by the Okanagan outfit in the second half of their twin bill.

That was the season, Pentiction ball fans will remember, when the old Athletics were possibly at the peak of their colorful history. Starting slowly that season, the locals had only won three of their seven OMBL tilts played up to the time of the Trail team's visit. They went on to take the OMBL pennant with nine victories in their next 12 league games.

The Red Sox of 1955 are being dubbed as a team just as powerful, potentially, as their 1953 version. Trail is also supposed to have improved — which all goes to indicate a rouser of a ball

game at King's Park on Sunday.

Chances are, too, that this exhibition bout will turn out anything but a well-mannered, gentlemanly, back-slapping affair... during the actual game, that is, since everybody is friends after it's all over.

This prognostication is based on the fact that in 1953's games blood heated up to the boiling point — and at least one Trail timber-slinger was ejected from the game for making biting remarks about the local umpire's sanity and ancestry.

SAM DROSSOS
Out to win Sunday

Whatever happens, Red Sox's coach Sam Drossos plans to have his top muscle out there pitching, hitting and snagging flies. The Sox are taking this game seriously, if for no other reason than that they will be out to keep in tact their 1955 boast, "unbeaten in league or exhibition action in our home park!"

Queen's Park Rangers End Season Undefeated

Nothing like ending a season on a pleasant note. Wednesday night the Queen's Park Rangers and Kelowna Hotspurs battled to a one-all tie here, the same result as the very first meeting between these two clubs way back last September. It was the last soccer game of the season in the valley, a game that had been postponed from last month because of playoffs.

The result of the game settled once and for all the question "Will the Queen's Park Rangers end their first season undefeated?" They did. And the only blemish on their otherwise spotless record were these two ties with the Hotspurs.

The Kelownians turned up at Queen's Park with only eight players, so that Sikorsky, Johnson and QPR's coach Jenkins were loaned to the visitors for the game. Jenkins played in goal, and one reliable account says that he saved the day for the Hotspurs with some very fine work between the Kelowna uprights.

Rangers' centre-forward Jong scored first with a pretty goal early in the second half. Kelowna scored their goal on a penalty shot soon after, and that was the game.

Rangers hold their annual meeting a week tonight to elect officers for the coming season, and to thrash out several important points in preparation for the 1955-56 season which will open next autumn.

Skaha Lake Tennis Tournery Continues

The Skaha Lake Tennis Club's annual spring tournament, currently underway at the south-side courts, resumes operation again this weekend, with several games due to be played early tomorrow afternoon.

The tournament will continue until weekend after next. The no-host tennis party will be held at the home of club president Ted Cardinal tomorrow evening, and all those in the tourney, plus club members and their friends, are invited.

Those people, whether members or non-members, who wish to take part in the tournament, but who have not yet approached the club in this regard, still have a chance to enter the tourney.

Those who wish to help fix up the Babe Ruth park are asked to bring a shovel and a rake along with them.

Couches and managers are still needed in this new sports organization, and any person interested in helping out in this regard is asked to contact Wilf Sutherland by phoning 5699 this weekend. It is hoped to get Babe Ruth baseball rolling by the middle of the month.

Healthy Batting Average Common In Little League

Five Little League batters are running away with the loop's hitting honors so far this season, as they all are batting at a better than .600 clip.

The Okanagan Fish Derby finishes on Sunday.

Pair Of Pentiction Bronco Busters Limber Up For Rodeo Tomorrow

A couple of hard-riding Pentiction bronco busters, Elliot Lewis and Les Johnson, renowned for their anatomical fortitude and general talent in riding explosive horses, are busy limbering up for tomorrow's big test at Queen's Park, when they compete against a pair of Calgary experts in the Western Canada Saddle Bronc Championships.

The big show, one of the top sports attractions in Pentiction this summer, will also feature bareback riding and calf roping. The action-packed show, sponsored by the Pentiction branch of the Canadian Legion, gets underway at 2 p.m. Tickets will be available at the box office.

Home Runs Big Feature As Legion Down Elks 14-11 In Little League

Legion pulled into a virtual tie for first place with Rotary in the Little League race when they cracked out a 14-11 triumph over the always game Elks team in a free-swinging game at Kiwanis Park last night.

Elks actually out hit the winners eight to seven, but the Legion crew bunched their blows and made them pay off better than the losers. Two home runs were hit this game, McReady of Elks and Syers of Legion poling four-baggers.

Legion scored four runs in the first inning to one for the Elks, but the latter caught up with three in the third. Legion went far ahead with three in the third and four in the fourth, to one in each frame for the Elks.

Legion then added three more in the last or sixth inning, and were leading by a large 14-6 margin when Elks made things interesting with a five-run outburst in the bottom of the sixth. McAdam was the winning pitcher and Hamilton the loser.

Secretary-Manager Federated Shippers Off For Ottawa

KELOWNA — L. R. Stephens, secretary-manager of Federated Shippers' Association, will be a busy man this weekend.

On Saturday he leaves for Ottawa to present a brief to the horticulture council and tariff board in connection with the importation of U.S. potatoes.

Board of Transport Commissioners will be meeting in the Canadian capital at the same time, and Mr. Stephens will also sit in on this conference.

On June 20 the conciliation board will sit in Kelowna to deal with the dispute between the federated shippers and the Fruit and Vegetable Workers' Unions (FVU). The following day representatives of the fruit industry will meet railway and trucking officials in connection with shipments of perishable products.

Mr. Stephens will confer with Walter Shaw, of Charlottetown, P.E.I., past-president of the Canadian Horticultural Council and chairman of the potato committee before a brief is presented to the tariff board. Representatives from nine other provinces will attend the conference.

G. S. Webber, traffic manager, B.C. Tree Fruits, will join Mr. Stephens when the board of transport commissioners sit June 13-14. Conference has been called to outline the method of procedure in the next phase of equalization of freight rates.

Mr. Stephens pointed out the first phase has already been accomplished with the establishment of an equalized category. Second stage will likely be the equalization of commodity mileage rates, leading to the equalization of commodity rates.

Fourth phase will largely be the responsibility of carriers and industry as to what extent appears necessary for the equalization of special commodities and competitive rates.

Since A. K. Loyd tendered his resignation as president of B.C. Tree Fruits Ltd., Mr. Stephens became vice-chairman of the tariff committee. Mr. Loyd held this post when he was with Tree Fruits.

OTTAWA — A middle-aged woman in Amsterdam, Holland, looks for Canadian soldiers here on leave, hoping she will meet some she befriended during the war. She befriended a great many. Prize possession of Mrs. G. Wismuller-Meijer is a light blue and grey silk handkerchief which is shown to all Canadians she meets. It reminds her of a group of men who wrote on it the words: "We, held by the Germans, in Aalsmeer, take this opportunity to thank you for your wonderful work and courage in helping us unfortunate soldiers. In all gratitude — our name." Inscribed on the handkerchief are the names of more than 30 Canadian soldiers and a similar number of Allied soldiers who were taken prisoner during the fighting in Holland. Signatures were written on it in a prisoner of war camp from April 7, 1945, until the end of the war. The gratitude was for gifts of games, cleaning materials, clothing and other comforts.

Home Nursing

(Continued from Page One)

annual grant of \$2,000 from the Community Chest.

"The only cost to the community, to set up a plan similar to that in Vernon would be 10 cents per capita, per year," he explained.

"The whole scheme of home nursing is evolving. The department of health feels that the experiment in Vernon has been helpful and in Kelowna, over a longer period of time, successful."

Dr. Clarke suggested that while the dollars and cents involved must be considered, "we must also weigh out what is best for the patient."

Miss Janet Pallister, R.N. gave it as her opinion that there are more factors in favor of gearing a plan for the whole community rather than just to hospital patients.

"My immediate reaction to this scheme, if initiated, is that it should start with patients from the hospital and could be expanded later," declared Dr. W. Roy Walker.

"That seems to be a reasonable approach," agreed Mr. Pauls, "it could be developed if found desirable."

"My personal reaction is that the cooperation of the physician would be in direct ratio to the amount of liaison between the doctor and nurse in charge of the service," said Dr. Walker. "If the doctor were led to feel that the work being done in home nursing was departmentalized and not under his directions the scheme would perish. But if liaison were good and the doctor's instructions carried out, I believe it would receive our wholehearted cooperation."

Mr. Pauls observed that house-keeping care, in a humanitarian sense, could in some cases outweigh even nursing care. "There are cases where a patient could be discharged from hospital but because of a combination of his own physical status and conditions that exist at home, it is more desirable to keep him hospitalized."

This was especially true, he said, where the patient was elderly, crippled or lived alone. Dr. H. G. Garrick declared the question of how the scheme would be financed should receive some consideration inasmuch as the provincial government collected from everybody, through the sales tax, for health and then "shammed the door shut, freezing costs of operation."

Question of home nursing will likely be discussed when medical men meet in Vernon later this month. Their reaction will be made known to the local committee charged with bringing in a report.

Law Firm Building New Premises Here

A new two-storey office structure is to be built on the east side of Main street near the Westminster avenue intersection, and with its completion the last vacant lot gap in the block will disappear.

Located between the Red Cross and Board of Trade buildings, it will be owned by the law firm of O'Brien, Christian and Herbert, who will occupy the entire ground floor premises.

It is expected that the project will be completed by the end of September.

F. A. Lloyd, formerly of Vancouver and Salmon Arm, has recently become associated with

Three horses were sold from the 12 entered in the parade of horses for sale. R. Rinker, Grand Coulee, Wash., was judge and T. Fletcher, Oliver, assistant judge.

Summerland Kiwanis Raise \$1,505 To Help Fight Against Cancer

SUMMERLAND — Kiwanis Club collected \$1,505.65 during the month of May for the Canadian Cancer Society. This is \$100 more than the amount collected last year.

All Kiwanians canvassed under convener of Doug Campbell.

The firm which will hereafter be known as O'Brien, Christian, Herbert and Lloyd.

Talks On Guaranteed Annual Wage Resumed

DETROIT, June 3 — (BUP)—An historic bargaining session picked up today where it left off yesterday, with a strike deadline three days off. Ford Motor Company and officials of the United Autoworkers were trying to

work out a settlement of a new contract behind closed doors.

The autoworkers demanded a guaranteed annual wage, which means partial payment during lay-offs. The automobile industry opposed the principle of paying idle workers, but now Ford appears to have given some ground.

The sculptured heads of four presidents on Mount Rushmore in South Dakota wear away at the rate of one inch each 100,000 years.

Mount Rushmore National Memorial in South Dakota is the largest piece of sculpture in existence.

THE COLOR PARTIES PRESENT THE COLORS on stage at the Gyro Bandshell Thursday evening during the short but impressive annual Canadian-Citizenship ceremony. As has been the unfortunate case in other years past, the evening was cool and the light breeze coming off Lake Okanagan prompted many to stay in their cars. A scattered crowd of about 100 stayed to see the complete ceremony which included several color parties, the pipe band and a smart drill squad from the B.C. Dragoons.

Anglicans Install Bishop Of Kootenay

Universities Need More Students UBC Alumni Is Informed

SUMMERLAND — Two professors from the University of British Columbia were entertained Wednesday night at the home of Mr. and Mrs. A. K. Macleod when the West Summerland branch of the UBC Alumni Association met. Mrs. Macleod is the association's president.

In attendance were Dr. Kenneth Argue, professor of education, and Dr. Murray Cowie, professor of German.

Under the auspices of the department of extension they are on a trip to high schools making a plea for students to attend university.

They placed emphasis on the great need for training in all fields. For example, more engineers are wanted than graduates from UBC, there is a teacher shortage of 1,400, home economics graduates and dietitians are in great demand.

They told of an International House, first one of its kind in the country, being established at UBC by the Rotary Club.

In a colorful ceremony at Nelson, Rt. Rev. Philip Robert Beattie was installed fourth Bishop of the Kootenay. About 350 clergy and laymen from the Kootenay and Okanagan areas were in attendance.

Attended by Chaplain Rev. C. H. Berry of Christ Church Cathedral, Victoria, and Rev. Canon A. R. Eagles of St. Saviour's Anglican Church, Penticton, the bishop-elect knelt three times on the great west door of St. Saviour's Cathedral and was admitted by G. E. Grizzle, people's warden, and Fred Irvine, for 60 years rector's warden.

The bishop-elect was welcomed by Very Rev. T. L. Leadbeater, rector of St. Saviour's in Nelson, and was accompanied by diocesan chancellor E. C. Weddel of Kelowna and registrar C. H. Hamilton.

The new bishop said, "It is an inspiring prospect as one faces work as the chief shepherd in this great diocese. It is inspiring as it is still a relatively young diocese and the spirit of the pioneers is still among us. It is intimidating because of the distinguished footsteps I must follow and because of the weight of it."

Casablanca, Morocco, claims the world's biggest municipal swimming pool, 1,575 feet long and 246 feet wide. Moorish girls often arrive at the pool in robes and veils, disappear into dressing rooms and emerge in brief bathing suits.

P-TA News

The last monthly meeting of the season of the Penticton High School P-TA was held on Monday evening, May 30, in the home economics room of the high school under the chairmanship of George Gay.

After a brief business meeting the program opened with the topic "Education or Recreation—what is school for?" The speakers formed a symposium and included Wayne Loughheed, Ted Smith, Errol Gay, Madge Gordon and Maureen Pritchard, all high school students.

Each student spoke on three or more activities in which they were personally interested and a very comprehensive picture was given by each of them. The thought was expressed that each activity taught the student to grow up and to broaden their mental education. By taking part in the various co-curricular activities it taught a sense of responsibility and it taught the students to live in a world of democracy. In turn as the teachers worked with the various students on these activities it welded a much better sense of relationship and understanding between the student and the teacher.

The speakers were warmly thanked by Mr. Gay. He then went on to say this would be his last meeting before going to Scotland for a year, and he extended to the P-TA his very best wishes for a successful future. R. B. Cox then extended, on behalf of the executive and members of the High School P-TA, their thanks and appreciation for all the work that Mr. Gay has done as president of the High School P-TA for the past two years. Refreshments were served by Miss E. McEachran and her committee.

are scheduled for Saturday, Wednesday and Saturday performances nightly.

This new show is sponsored by the PNE and the B.C. Lower Mainland Fish and Game Association and is under the direction of Roy Lisagar.

ANNOUNCE NEW WAY TO SHRINK PAINFUL HEMORRHOIDS

Science Finds Healing Substance That Relieves Pain—Shrinks Hemorrhoids

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dynal)—discovery of a famous scientific institute.

Now you can get this new healing substance in suppository or ointment form called Preparation H. Ask for it at all drug stores. Satisfaction guaranteed or money refunded.

"CREDO OF A CANADIAN" is given by J. A. M. Young at the annual Canadian Citizenship ceremony which was held at the Gyro Bandshell last night. Seated behind him is Judge M. M. Colquhoun who administered the oath of allegiance to all present. Mayor Oscar Matson gave a short address on Canadian citizenship and allegiance to Canada and the empire.

Grand Ole Opry Draws Crowd

About 1,500 persons cheered, laughed and applauded the "Grand Ole Opry" show at Penticton Memorial Arena on Wednesday night in what proved to be an entertaining program of songs, humorous skits, hillbilly music and jokes.

Roy Acuff, "King of Mountain Music," was master of ceremonies and kept the two-hour show moving at a fast pace.

"Big Howdy" Forrester, world's champion fiddler, drew lusty cheers with his interpretation of such melodies as "Hot Canary" and "Listen to the Mocking Bird," there were numerous hoedowns, hillbilly singers Johnnie and Jack, the Tennessee Mountain Boys, parodies on the classics.

And the lovers of this type of music thrilled and cheered when Kitty Wells, Queen of American folk singers, rendered her hit ballad "It Wasn't God That Made Honky Tonk Angels." The show was followed by a dance.

Big Sportsmen's Show In Vancouver

Bill Fontana and "Peppy" the only log rolling dog in the world is just one of the fourteen big American acts to be featured in the Sportsmen's Show in Vancouver starting today continuing until June 11.

At the gigantic stage and water revue, other headline acts will be Bob O'Loughlin and his trained hunting dogs from Minneapolis, Patsy Jean Hubbard, ladies fly casting champion; log rolling, canoe tilting, tuna fishing plus fourteen comedy grandstand acts. There will be a kiddies animal land plus a big trout lake tank with over 600 fighting trout. Patrons may fish and take home all they catch.

Surrounding this huge tank there will be the hundreds of displays and thousands of exhibits showing the latest in new hunting, fishing and sporting equipment for every member of the family. For fifty cents there's so much to do and see that it will take more than one afternoon or evening. Matinee

Shower Boom To Family Especially 'Athletes'

Summer is the time for active sports. There's no doubt about it, even those of us who are past the time of life when we want to indulge in skating, skiing and other frigid pastimes, still feel the urge to take tennis racquet in hand as soon as the sun begins to beat warm on our backs.

And in the household where there are children or teen-agers, summer provides a constant stream of budding athletes coming home from baseball diamond, tennis court or a dozen and one other arenas of athletic prowess.

Chances are the first place they head for is the bathroom.

Because, after active exercise, there's nothing like a tube or shower to refresh and invigorate.

SHOWER ROOM

But many families are beginning to experience the convenience and pleasure of a separate shower room. According to the Canadian Institute of Plumbing and Heating, advances in the field of shower production, and particularly shower cabinets, have brought these former luxuries within the range of the family in the moderate income bracket.

Imagine the convenience of a shower installed in the basement ground floor or garage. Home-coming athletes start, instead of trailing through the house and upstairs to shower and change, could do so as soon as they get into the house.

And what a break this would be for mother, whose arduous duty it usually is to clean up the bathroom after the bathroom has been used to clean up junior.

Showers can be installed with reasonable ease in a spare corner of the basement, or perhaps in a cupboard or under stairs space that isn't being put to any particularly good use. And the introduction of the self-contained shower cabinet makes the problem of installation even more simple.

LOW COST

These cabinets are usually shipped "knocked down" and can be assembled and installed at quite low cost. They are water tight to prevent damage to floors by dampness, and need only be connected with the water supply at one end, and the drainage at the other. If located near existing water and drainage pipes, this presents little difficulty.

Apart from the refreshing qualities of the cool shower after sports, the shower cabinet can also provide the athlete with the luxury of a steam room.

With modern adjustable shower valves, it is easy to direct the steam against a side or back wall. The bather then sits on a stool away from the stream of water, and turns on the shower steaming hot. Within minutes, he has a steam bath equal to the best.

In houses where the installation of a separate shower room is impractical, the combination tub and shower may fill the bill. Many people who even prefer a tub bath still like to rinse off with a shower. If the tub is not fitted with a shower, installation is not nearly as difficult as some people imagine.

While it is true that a shower with pipe concealed in the wall is most desirable, the exposed shower fitting is an attractive addition to any bathroom. It has the advantage also of being inexpensive and easy to install.

ADJUSTABLE VALVES

Recent developments in shower valves have completely done away with most of the objections that some people had to shower bathing. Overhead valves, for instance, have been replaced by adjustable valves in the wall of the cabinet. These can be adjusted so that the spray is directed high or low on the body as desired, or to the sides of the cabinet.

One most unpleasant fault, that of sudden temperature changes has been corrected by the introduction of thermostatically controlled shower valves.

New Pump Called Ultimate In Heating And Cooling Of Homes

An important announcement came recently from an electric utility executive, president B. L. England of the Atlantic City Electric Company. He spoke of the heat pump, a device which many people regard as the ultimate in the heating and cooling of homes. The New Jersey utility man said that within three years heat pumps will be competitive in price with other heating systems, and that their operation will trim a householder's costs.

He predicted that by 1965, heat pumps will heat homes in winter and cool them in summer for a total cost of 105 dollars a year, on the average. The entire cost will be for electricity. The heat pump uses no fuel. In summer, it takes heat out of the indoor air and pumps it out. In winter, it extracts heat from the outside air and pumps the heat into the house. You may not think there is much heat available in the frosty outdoors when the mercury is down around zero, but there is plenty. And the heat pump is designed to isolate it and bring it in.

At present, the average cost of this year-round air-conditioning, all-electric, with no fuel, runs to some 240 dollars a year. That's in southern New Jersey. In other parts of the country it will run higher or lower, depending on the average outside temperature.

The earliest heat pumps, which came to notice around the end of the second world war, were somewhat different in principle. They brought up heat and coolness, as desired, from under the house, below the frost line. The modern packaged system is considered much more efficient.

Oliver Firemen Teach First Aid

OLIVER—Fundamentals in the use of inhalator equipment and basic instruction in artificial respiration were given to the first class held in the Oliver Fire Hall on Monday night.

The course is offered free of charge by Oliver Voluntary Firemen to women willing to prepare themselves to help where help is needed in case of an emergency. Pupils who attended the first lesson showed keen interest and will take part in working instructions at the lesson to be held June 6.

The course takes about three weeks.

USE INSECT SPRAYER

There are many repair projects which call for wetting down the surface with water. One home handyman keeps an insect sprayer for just this purpose. The little jar attached to the sprayer is filled with water. It is especially effective for such things as wetting down plaster which is to be patched. The sprayer automatically sends the water into all corners of the opening.

Among other innovations are valves that "aerate" the water. This means that the original oxygen content, sometimes lost on the long journey through pipes, is restored to the water, and nothing is more refreshing than a shower in "aerated" spray.

For the summer athlete, the shower is both healthful and restorative. Easy and inexpensive to install, and a great labor-saver for the housewife, the shower room is a "must" in any new or modernized Canadian home.

THIS BOY IS REALLY UP IN THE AIR ABOUT something. That something is a wildfire bronc named Knox City and tanning the saddle is none other than Ellie Lewis. Penticton and district will have a chance to see plenty of this kind of action tomorrow afternoon at the Legion sponsored Western Canada Saddle Bronc Championships in Queen's Park rodeo grounds. The big show starts at two o'clock.

Promenade!

By H. G. A.

First of all I want to say thank you to all the good folk who attended the square dance jamboree held at the arena last Saturday. It was encouraging to the executive of the Peach City Promenaders to know that there were 17 squares on the floor at one time and a few extras for the round dancing. From the expressions of merriment heard on the floor every one seemed to be having a good time.

I have often thought about

The Word of God is quiet, and powerful, and sharper than any two edged sword. — Heb. 4:12.

My Word . . . shall not return unto Me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it. — Is. 55:11.

By H. G. A.

First of all I want to say thank you to all the good folk who attended the square dance jamboree held at the arena last Saturday. It was encouraging to the executive of the Peach City Promenaders to know that there were 17 squares on the floor at one time and a few extras for the round dancing. From the expressions of merriment heard on the floor every one seemed to be having a good time.

I have often thought about the names of all the visitors but this would take too much space so will have to be content to list the names of those dancers who travelled the longest distances to dance with us. They are as follows: Mr. and Mrs. Al Prante, Bellingham, Wash.; Mr. and Mrs. Joe Knipschield, Renton, Wash.; Pearl Jacobson, Tacoma, Wash.; Jennie and Francis James, Nelson, B.C.; Mr. and Mrs. H. Gray, Vancouver; Marg and Ron Gray, Chase; Ernie Funk, Chase; Eleanor and Frank Pelgand, West Vancouver. Others from Kelowna, Oliver, Summerland, Hedley, etc., are part of the family and we see each other often.

Lineup of dances for the next month is as follows: June 4 at Oroville, also at Omak, Wash.; June 11, at the Kaleden Hall, sponsored by the Oliver group; June 18, at the Youth Centre in West Summerland, sponsored by the West Summerland Pairs and Squares Club; June 25, at the Penticton Memorial Arena, sponsored by the Peach City Promenaders. On this date Barry Garland of Richland, Wash., will officiate and there will be a dance clinic in the afternoon, with a real bang-up dance in the evening. Barry Garland is one of the top instructors and callers and every dancer with in travelling distance of the arena should plan to attend.

A number of square dancers enjoyed the demonstration at the arena on Wednesday night after the Grand Old Opry. Square dancing is fun, why don't you join in the fun?

"Self-drive" automobiles may now be ordered in advance at the railroad stations of 29 German cities and left at the stations when the travelers depart.

The Badlands National Monument in South Dakota contains 120,000 acres of fantastically eroded earth and rock.

CAWSTON NOTES

CAWSTON — Mr. and Mrs. Caspar Galloway were visitors at the home of Mr. and Mrs. W. Beecroft over the holiday weekend. Mr. Galloway took part in the Victoria Day Parade and Rodeo in Kere-meos. W. Beecroft led the parade with the Union Jack, accompanied by Mrs. J. Macglashan with the Stars and Stripes.

The floated entered by the Rowcliffe Cannery, took first prize in the commercial class at the May 23 celebrations in Kere-meos. This float was largely the work of Mrs. Ambrose and her daughter Irene, and was outstanding among many beautiful exhibits. The small people representing the various fruits and vegetables seemed to enjoy their novel roles. Kathy Ritchie was a tomato and her sister Janet a plum, Patricia Sanderson a peach, Dick Stewart a bean, Denny Rodborn an apple, Freddy Hicks spinach, Brian Eddeburn was Popeye. This fine collection of fruits and vegetables was under the charge of Irene Ambrose. Bill Beecroft won the "turn stakes" race at the rodeo for the second year in a row.

Among those attending the Associated Boards of Trade banquet at O.K. Falls were Miss E. J. Dunnett, G. Lepingwell, J. Worsfold, C. Finch and J. C. Morris.

Attending the South Okanagan Elementary Schools' track meet held last Saturday in Penticton were Diane Gennell, Betty Burns, Shirley Lusted, Nancy Rash, Shirley Trigg, Bernice Walker, Jim Evans, Keith Fox and Brian Morley. Brian came first in the high jump and Jim Evans second in the broad jump.

Wenatchee Apple Blossom Festival Dates Announced

"The Washington State Apple Blossom Festival will be held in Wenatchee, Washington, on May 3, 4 and 5, in 1956," says Chester C. Kimm, managing secretary of the organization. "This is in line with the permanent policy adopted by the executive committee of the Festival Association two years ago. The dates are the Thursday, Friday and Saturday prior to the first Sunday in May. This policy will prevent the Festival from falling on the Saturday prior to Mother's Day.

"The committee, in checking the average bloom time, found that in normal years the peak bloom occurred at approximately May 1 in the orchards near the City of Wenatchee.

"The dates will be announced early each year in order that other festivals and events may be planned and so that there will be minimum interference with other events throughout the state," Kimm concluded.

Formosa boasts a 65 per cent literacy rate, high by Asian standards, says the National Geographic Society. Total enrollment in the island's 1,500-odd schools, including one university and eight colleges, is estimated at more than 1,250,000.

For a switch from traditional wedding bouquets, how about carnations with a tiny trail of white, pink and candy-striped ivy? Or white lilac with pink or blue hyacinths for an all-bulb-grower one?

A novel seeding machine, which drops one seed at a time and eliminates the need for thinning grain and truck crops, has been patented by Sigmund Stokland of Stavanger, Norway.

Bunchy beads will carry into summer for wear in the cooler evenings, if there are any. To set off these bulky favorites, a black camisole top of the high-rising sort.
